

House File 980

H-1320

1 Amend House File 980 as follows:

2 1. Page 1, line 3, after <36.> by inserting <a.>

3 2. Page 1, line 11, by striking <a.> and inserting <a- (1)>

4 3. Page 1, line 16, by striking <b.> and inserting <b- (2)>

5 4. Page 1, after line 19 by inserting:

6 <b. If the average statewide seasonally adjusted
7 unemployment rate, as determined by the federal bureau of
8 labor statistics, for a calendar year is greater than four
9 percent, taxable wages for the following calendar year shall
10 be increased by two thousand dollars for each percentage
11 point, rounded to the nearest whole percentage point, above
12 four percent of the average statewide seasonally adjusted
13 unemployment rate for the previous calendar year. Any annual
14 increase in taxable wages under this paragraph shall be for the
15 applicable calendar year only and shall not be cumulative.>

16 5. Page 1, before line 20 by inserting:

17 <Sec. _____. Section 96.3, subsection 5, paragraph a, Code
18 2025, is amended to read as follows:

19 a. *Duration of benefits.*

20 (1) The maximum total amount of benefits payable to an
21 eligible individual during a benefit year shall not exceed
22 the total of the wage credits accrued to the individual's
23 account during the individual's base period, or sixteen times
24 the individual's weekly benefit amount, whichever is the
25 lesser. The director shall maintain a separate account for
26 each individual who earns wages in insured work. The director
27 shall compute wage credits for each individual by crediting the
28 individual's account with one-third of the wages for insured
29 work paid to the individual during the individual's base
30 period. However, the director shall recompute wage credits
31 for an individual who is laid off due to the individual's
32 employer going out of business at the factory, establishment,
33 or other premises at which the individual was last employed, by
34 crediting the individual's account with one-half, instead of
35 one-third, of the wages for insured work paid to the individual

1 during the individual's base period. Benefits paid to an
2 eligible individual shall be charged against the base period
3 wage credits in the individual's account which have not been
4 previously charged, in the inverse chronological order as the
5 wages on which the wage credits are based were paid. However
6 if the state "off" indicator is in effect and if the individual
7 is laid off due to the individual's employer going out of
8 business at the factory, establishment, or other premises at
9 which the individual was last employed, the maximum benefits
10 payable shall be extended to twenty-six times the individual's
11 weekly benefit amount, but not to exceed the total of the wage
12 credits accrued to the individual's account.

13 (2) A multiple of an individual's benefit amount provided
14 in subparagraph (1) shall be increased in a calendar year if
15 the average statewide seasonally adjusted unemployment rate,
16 as determined by the federal bureau of labor statistics, for
17 the previous calendar year was greater than four percent. The
18 increase shall be two times the individual's weekly benefit
19 amount for each percentage point, rounded to the nearest whole
20 percentage point, above four percent of the average statewide
21 seasonally adjusted unemployment rate for the previous calendar
22 year. Any annual increase in a multiple of an individual's
23 benefit amount under this subparagraph shall be for the
24 applicable calendar year only and shall not be cumulative.>

25 6. Title page, line 1, by striking <taxes on employers>

26 7. By renumbering as necessary.
